

Product Detail

Stainless Steel Bollards offer a 'clean' and modern bollard, offering low maintenance and strength all in one. Standard material is grade 304 with Grade 316 also available for 'harsher' marine type environments. Stainless steel bollards are resistant to corrosion.

Stainless steel bollards are available in a variety of designs, diameters and lengths.

Stainless Steel Bollards are ideal for a wide variety of applications including pedestrian walkways, retail developments and areas of protected parking.

Anti Ram comes with a 101 x 3mm Galv Mild Steel core to provide extra reinforced strength to the bollard.
