

## Product Detail

The City bollard is manufactured with engineering-grade polyurethane, which is cast around a steel core. Resulting in an extremely strong that doesn't rust. can be manufactured to anti-ram specifications.

The City will fit with most landscapes, whether traditional or contemporary. It is also ideal for coastal areas where high levels of saline are present.

City bollards are supplied with a black, two-part polyurethane coating finish. This increases chip resistance and weathering characteristics, which is ideal for heavily trafficked areas.

- Length - 1250mm
