

## Product Detail

The East Sussex bollard is manufactured with engineering-grade polyurethane, which is cast around a steel core. Resulting in an extremely strong that doesn't rust. can be manufactured to anti-ram specifications.

The East Sussex will fit with most landscapes, whether traditional or contemporary. It is also ideal for coastal areas where high levels of saline are present.

The East Sussex is supplied with a black, two-part polyurethane coating finish. This increases chip resistance and weathering characteristics, which is ideal for heavily trafficked areas.

In addition, bollards can be made, whereby it can manufacture bollards to a specific brief to fit in with a project theme.

- Length- 1215mm
- Diameter-168 mm
